

Hope Haven Psychological Resource

CLINICAL INTERVIEWS

Hope Haven Psychological Resource's clinical interviews provide expansive information regarding child, adolescent, and adult mental status, psychological symptoms, cognitive capability, and parent functioning. Our biopsychosocial reports are tailored to family case managers (FCMs) referral questions. We include a five axis diagnosis, clear interpretation of clinical data, and treatment/resource recommendations.

Hope Haven Offers:

A quality, experienced, and timely service with a proven scheduling window of less than 5 business days from the date of referral

*

Comprehensive reports that are completed in no more than 7 business days following the interview process

*

Direct and prompt contact with FCMs

*

ADA accessible accommodations, conveniently located on the IndyGo Bus Line

*

Evening and Saturday appointments

Within our Clinical Interviews, you will find...

- Ψ *Life span development and historical data*
- Ψ *Consideration of client strengths and areas of growth*
- Ψ *Standardized screenings and inventories*
- Ψ *Use of collateral information*
- Ψ *A detailed summary for quick review of clinical findings*
- Ψ *Comprehensive recommendations that go beyond one-line statements*
