

Hope Haven Psychological Resource

PSYCHOLOGICAL TESTING

Hope Haven Psychological Resource's psychological testing reports provide expansive information regarding child, adolescent, and adult mental status, psychological functioning, cognitive capacity, and personality dynamics. Our reports include a detailed mental status, inclusive of a bio-psycho-social framework, tailor to meet referral specifications. We include a five axis diagnosis, clear interpretation of clinical data, and treatment/resource recommendations.

Hope Haven Offers:

A quality, experienced, and timely psychological service

*

Comprehensive reports, completed in no more than 10 business days, following the interview and observation process

*

Direct and prompt contact with referral sources

*

ADA accessible accommodations, conveniently located on the IndyGo Bus Line
